**ALL COST SHARE ASSISTANCE IS SUBJECT TO AVAILABILITY OF FUNDS.** I request cost-share assistance under the program to solve the problem described above. The practice will not be started prior to the application approved. The practice is needed to conserve soil and water resources on the farm or ranch identified above and would not be performed to the extent requested and needed by me without district cost-sharing. I will not start any financially assisted practice before the contract is approved. If cost-sharing is approved for the practice requested, I agree to refund all or part of the cost-share assistance paid to me as determined by the Chaves Supervisors, if, before the expiration of the specified practice lifespan, I (a) destroy the approved practice, or, (b) voluntarily relinquish control or title to the land on which the approved practice has been established and the new owner and/or operator of the land does not agree in writing to properly maintain the practice for the remainder of its lifespan.
